

Ilumina

Width	4 & 5 m
Manufacturing Process	Woven
Pile Composition	PES
Backing	Woven Smart Back
Total height	10 mm
Pile weight	2300 grm/m2
Resistance of heat conduction	Tog rating 1.1
Suitability	Heavy Domestic
Thermal Retention	ISO 8302
Fire Resistance	Cfl-S1
Sound Absorption	EN ISO 11654
Lightfastness	=>5

Care and Maintenance

Synthetic carpets are easy to maintain and resistant to stains. Vacuum regularly, always ensure the carpet is cleaned using a high quality cleaning agent. Before re-using the carpet after any deep cleaning procedure, always ensure the carpet is completely dry and vacuum to avoid rapid re-soiling of the surface. Samples should only be used as a guide to colour matching, slight colour variation possible.
