Care and Maintenance

To clean simply wipe with a dry duster. Heavily soiled spots can be cleaned with damp cloth but must be dried immediately. Do not use any liquids to clean trims. PLEASE NOTE ALL STANDARD FINISHES ARE “LIVING’ FINISHES, WHICH MEANS THAT IT’LL REACT TO THE ENVIRONMENT. YOU NEED TO AVOID CONTACT WITH WATER/MOISTURE. ANY WATER/MOISTURE WILL CREATE MARKS THAT OXIDIZE FASTER AND THIS MAKES IT VERY HARD TO REMOVE WITH THE ABOVE CLEANING METHODS.
